Manager of Media Relations

The Music Center convenes artists, communities, and ideas with the goal of deepening the cultural lives of every resident in Los Angeles County. The non-profit performing arts organization has two divisions: TMC Arts and TMC Ops. TMC Arts, The Music Center’s programming engine, provides year-round programming inside The Music Center’s four theatres, on The Music Center Plaza, outside at Grand Park—a 12-acre adjacent green space—and in schools and other locations all over Los Angeles County. TMC Arts presents world-class dance with Glorya Kaufman Presents Dance at The Music Center, free and low-cost public concerts and events, as well as K–12 arts education programs. TMC Ops manages the theatres, the Plaza and Grand Park on behalf of the County of Los Angeles. The Music Center is also home to four renowned resident companies—Center Theatre Group, Los Angeles Master Chorale, LA Opera and LA Phil. Each of these companies is responsible for their own programming and marketing.

The Music Center is hiring a Manager, Media Relations, to join its Marketing and Communications Department. Reporting to the Assistant Vice President, Marketing and Brand Communications, the Manager of Media Relations develops and implements a strategic media relations program to promote and enhance The Music Center brand for both the destination and the organization responsible for managing the destination, as well as for events, performances and experiences presented or produced by The Music Center’s artistic division, TMC Arts.

The manager of media relations will work closely with the Assistant Vice President of Marketing and Brand Communications and members of the Marketing and Communications Department to develop and refine the media relations plan and to secure coverage. In this role, they also collaborate with members of the TMC Arts team, to support specific media relations needs for ticket sales, traffic, etc., for events, presentations and productions, and with the Advancement team to enhance the environment for donor cultivation.
